Subject: Expensive cleanup is bad for jobs

Hi, I seldom write public officials but I am today because I believe in clean rivers.

The Willamette River is the lifeblood for Oregonians but it is also the home to many, many businesses and jobs on our working waterfront. The shipyards and docks have really defined who we are as a city, Port-Land.

Thank you for recognizing that there is a real cost to employers for this cleanup. And thank you for everything you're doing to protect our river.

Sincerely,
